Summary

Motivated to secure a challenging role that allows me to apply my knowledge and technical expertise for organizational success. Eager to learn, innovate, and grow professionally within a progressive environment.

Education

Dr. B. R. Ambedkar National Institute of Technology, Jalandhar Nov 2022 – May 2026

Bachelor of Technology in Electronics and Communication Engineering

- **Relevant Coursework:** Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), SQL, Database Management Systems (DBMS)

Experience

Software Development Executive Intern, Basil Infotech June 2025 – August 2025

FoodIO – Recipe Sharing Platform (MERN Stack)

- Built a full-stack web application using **React, Node.js, Express, and MongoDB** to enable seamless recipe sharing and discovery.
- Designed and implemented secure **JWT-based authentication** and RESTful APIs for recipe CRUD operations.
- Developed a responsive UI using **Tailwind CSS** and integrated Axios for efficient client-server communication.
- Implemented core features including **add/edit/delete/view recipes**, favorites, search functionality, and social media sharing.

Software Developer

2024 – Present

NIT J Hostel Allotment Website (MERN STACK)

- Contributed as a software developer to the college hostel allotment system, benefiting over **5,000 students** and **200 hostel staff**.
- Digitized the hostel allotment workflow, eliminating manual queues and achieving an **85% reduction** in allotment time.
- Developed a dedicated administrative interface to monitor and manage more than **2,500 hostel rooms**.

Projects

WikiSense – Real-Time Wikipedia Search App

- Developed a fast, responsive app using **React.js, JavaScript, and Vite** integrating the **Wikipedia API** for real-time search results.
- Implemented **live search, random article**, and reusable components ensuring a maintainable architecture.
- Enhanced performance through optimized API calls and instant content rendering for seamless user experience.

Technical Skills

- **Languages:** C, C++, HTML5, CSS, JavaScript.
- **Libraries & Frameworks:** STL (C++), React.js, Node.js, Next.js, Express.js(basic), Bootstrap, Tailwind CSS.
- **Databases & Cloud:** MySQL, MongoDB, AWS
- **Tools:** GitHub, Visual Studio Code, Microsoft Word, Excel, PowerPoint, Canva
- **Communication:** Strong English communication skills (written and verbal).

Achievements

- Solved **200+ problems** on LeetCode and GeeksforGeeks, strengthening problem-solving and algorithmic skills.
- Won multiple **debates and group discussions** organized at NIT Jalandhar.

Positions of Responsibility

- **Internshala Student Partner (ISP) – Campus Ambassador, NIT Jalandhar:** Promoted Internshala's initiatives and engaged students through campus outreach activities.
- **IOTA – Core Member & Content Creator Head:** Organized technical events, managed logistics, and supported peers in optimizing online tools and systems.
